Successful 'Turn the Town Teal' for ovarian cancer event held in late August

Fort DuPont participated in this year's "Turn the Town Teal" event, which was held on the morning of Monday, Aug. 26.

The event was held to bring additional awareness to ovarian cancer issues on this special day in Delaware City. We're proud to do our part during this vitally important annual initiative.

The event was held at the Delaware City Town Hall and was well attended once again this year. We're looking forward to participating again in 2025.
